

## Memo

To: Bethpage Residents  
From: Edward Hannon, Project Director  
Date: Tuesday, August 2, 2022 at 3 p.m.  
Subject: Road striping on Hickey Blvd. at Central Avenue this evening  
McCord Place water piping replacement complete

Northrop Grumman is providing this progress report to you on our activities in support of the RW-21 groundwater treatment system project and other associated environmental activities.

Our contractors will conduct road striping activities at the intersection of Hickey Blvd. and Central Avenue tonight beginning at 2 a.m. We have asked our contractor to utilize downlighting to reduce the impact of the safety lighting. Traffic safety controls will be installed in the work zone for several hours.

Today, Bethpage Water District contractors on behalf of Northrop Grumman completed the replacement of an aging water pipe on McCord Place north of Harrison Avenue. This pipe serves residents and local businesses. It will support the operations of the groundwater treatment system.

If you have any questions, please contact Dianne Baumert-Moyik at (516) 754-2645 or [Dianne.baumert-moyik@ngc.com](mailto:Dianne.baumert-moyik@ngc.com).

Our project information can be found by visiting [www.northropgrumman.com/bethpage](http://www.northropgrumman.com/bethpage). Thank you.
