

California AB 1305 Disclosure Statement

Statement of Compliance

Northrop Grumman Corporation (“Northrop Grumman”, “the company”, “we”, “us” or “our”) provides the following disclosure statement in accordance with California AB 1305, the Voluntary Carbon Market Disclosures Business Regulation Act (VCMDBA), codified at California Health and Safety Code (HSC) § 44475.

Disclosures for Climate-related Claims

The following information is provided on our carbon dioxide or greenhouse gas (GHG) emissions reductions (HSC § 44475.2).

Goal

Net Zero GHG emissions in our operations (Scopes 1 and 2) by 2035. Reduce GHG emissions intensity by 50% from 2023 to 2030.

2025 Progress

See page 28 of our [2025 Sustainability Report](#) for additional details on our Environmental Data Accountability Methodology. See pages 13 and 26 of our [2025 Sustainability Report](#) for additional GHG emissions data for 2023, 2024 and 2025. See page 13 of our [2025 Task Force on Climate-related Financial Disclosures \(TCFD\) Report](#) for additional details on our Environmental Data Accountability Methodology. See page 12 of our [2025 TCFD Report](#) for additional GHG emissions data for 2025.

Third-party Verification

Northrop Grumman greenhouse gas data for Scope 1 and 2 emissions has been verified by an independent third-party company. See our 2025 verification statement [here](#).

Disclosures for Carbon Offsets

Northrop Grumman neither markets or sells, nor purchases or uses voluntary carbon offsets to calculate its emissions reductions and is not required to provide voluntary carbon markets disclosures (HSC § 44475 and 44475.1).

This statement is meant to provide guidance on where disclosures required by California’s Voluntary Carbon Market Disclosures Act (AB 1305) can be found throughout Northrop Grumman’s [2025 Sustainability Report](#) and [2025 TCFD Report](#). The information in this AB 1305 Disclosure Statement is not intended to fulfill the company’s disclosure obligations under AB 1305 by itself; such disclosures are located throughout the aforementioned reports.
