

Memo

To: Bethpage Residents
From: Edward Hannon, Project Director
Date: Monday, January 24, 2022
Subject: **Virtual community meeting invitation Thursday, February 3, 2022 at 7 p.m.**

Please join me on Thursday, February 3, 2022, at 7 p.m. for our next project update. I will address our progress installing the RW-21 groundwater treatment system (piping in residential streets and construction of the treatment building).

I will also provide an update on the progress we have made with our thermal remedy at the Bethpage Community Park.

New York State Department of Environmental Conservation Project Manager Jason Pelton, New York State Department of Health Project Manager James Sullivan, and representatives from the Town of Oyster Bay will join us.

After my formal presentation, we'll respond to questions via Zoom and telephone. If you have any questions for the meeting that you would like to send us in advance, please reach out to Dianne Baumert-Moyik via mobile at (516) 754-2645 or via email at dianne.baumert-moyik@ngc.com.
