

Memo

To: Bethpage Residents
From: Edward Hannon, Project Director
Date: Tuesday, January 4, 2022; 4:30 p.m.
Subject: RW-21 Piping installation (January 5 and 6)
Central Avenue/South Sheridan Avenue intersection closed
Hickey Blvd right turning lane closed
Central Avenue westbound and turning lanes closed

Northrop Grumman is providing this progress report to you on the installation of piping to support the RW-21 groundwater treatment system project. Work on our three well vaults is pending power activation by PSEG. We have demobilized from the Town of Oyster Bay municipal lot on Seaman Avenue.

Our schedule through January 6 is as follows:

Wednesday, January 5 and Thursday, January 6: We will continue trench excavation and piping installation on Central Avenue. We thank everyone for their safe driving. Work will be completed by 4:30 p.m. All work is weather dependent.

ORANGE LINE IS CURRENT WORK ZONE; Black line is completed work

Vehicle movement during work hours: Drivers who use Central Avenue regularly are advised to use alternate routes to avoid traffic delays while this work is in progress.

Apollo Circle and Sunny Lane traffic control advisory: Residents living at Apollo Circle and Sunny Lane Senior Citizen complexes should expect to see similar traffic control signs at the intersection of Hickey Blvd. and Central Blvd. that were present during the piping installation along Hickey Blvd./Grumman Road East in the spring of 2020.

Grumman Road W/Hickey Blvd Cul-de Sac for Emergency Use Only: We are noticing that some drivers appear to be using the Grumman Road W/Hickey Blvd cul-de sac as a pass-through. Please be advised that this area is for emergency vehicle use only and should not be crossed. We have engaged with the Town of Oyster Bay and the Bethpage Fire Department on this issue. We want to thank residents for reaching out to us to express their similar concerns.

Updates to Bethpage School District Walkers/Bus Routes: We continue to routinely update Stacey Popkin from the Bethpage School District Transportation office on our project.

Pavement saw cut restoration on Emma Street, N. Herman and Sheridan: We will have another update in the coming weeks.

Work vehicles moving in and out of our staging areas: You may also observe equipment vehicles entering and exiting our staging area off the Hickey Blvd/Sunset Court intersection.

If you would like to join our opt-in email list, please contact **Dianne Baumert-Moyik** via mobile at **(516) 754-2645** or via email at Dianne.baumert-moyik@ngc.com.
